

Prevent drug and alcohol policy
based on the Rules of Study of Medical University of Gdańsk
Paragraph 9a

1. Participation in the classes is forbidden for a student being under the influence of e.g. alcohol or other stupeficients, psychotropic substances or their substitutes, as construed in the regulations of the Act of 29 July 2005 on Counteracting Drug Addiction (Journal of Laws No. 79, it. 1485, as amended).
2. Should a tutor suspect that a student has taken alcohol or other drugs listed in item 1 above, he/she shall notify the head teacher of the year and the competent Dean thereof.
3. Should a suspicion arise that a student is poisoned with alcohol or any other drug listed in item 1, the tutor shall refer him/her to the nearest emergency ward.
4. Should it prove necessary to treat a chronic addiction, it is possible to be granted an individual study plan and programme in accordance with § 7.4.
